PROFESSIONAL EXPERIENCE

Programmer Analyster | Cognizant | Hyderabad, Telangana
July 2022 - Present
- Analyzed Google CWS code to detect and mitigate security risks, ensuring product integrity.
- Contributed to Google's GDPR compliance by researching data privacy, and developed robust regex to match user questions for Google Gemini AI, ensuring accurate responses.

Full Stack Engineer Intern | Cognizant | Hyderabad, Telangana
Feb 2022 – Aug 2022
- Served as a project lead/team lead for the CRM project, responsible for handling the database and utilizing MS SQL, dashboard, and visualization tools for data intelligence and analysis.
- Leveraged MS SQL and other dashboard/visualization toolsets to drive data-driven insights.

Human Resources Intern | Infelearn| Hyderabad, Telangana
July 2021 – Sep 2021
- Gained valuable HR experience as an Intern, contributing to various HR-related tasks and supporting the company's human resource operations.
- Collaborated with the HR team to assist with employee onboarding, data management, and the implementation of HR policies and procedures.

VI Facilitator Intern | GlobalShala | Gurgaon, Haryana
Jun 2021 – July 2021
- Worked as a Facilitator for an ed-tech company, leveraging my teaching expertise to guide and mentor a group of international students on various entrepreneurship-related topics.
- Designed and delivered engaging entrepreneurship workshops and learning experiences

App Develop Intern | RedWall Technologies | Gujarat, India
Dec 2020 – May 2021
- Contributed as a front-end developer for a gaming application, implementing visually engaging user interfaces.
- Collaborated with the development team to deliver seamless user experiences for the gaming app.

PROJECTS

Rasa ChatBot
- Developed a Rasa-based chatbot to automate and streamline location-based queries from new hostel students, improving their onboarding experience.
- Leveraged Rasa's conversation-driven development and language-agnostic capabilities to create a personalized assistant that addressed the needs of the target user group.

InSight CRM
- Developed a robust CRM platform, Insight CRM, with features like auto-assign lead functionality, invoice generation in multiple formats, and multi-tenant capabilities to handle data for multiple companies.
- Designed a versatile and scalable CRM platform using ASP.NET Core 3.1, MS SQL Server, and Visual Studio 2019, seamlessly integrating with the client's existing systems.
